

PRICING GUIDELINES

The Price Guide

Firstly, I am very flexible, and open to negotiations, haggling and offers, for all projects, and will consider all budget offers. If you'd like to work with me, but initially feel I'm too expensive, you have nothing to lose by reaching out to me and asking. I won't be offended.

For example : I have taken on Logo Design project for between 500 - 1,000 THB; much depends on the the Brief, my availability, and other factors.

Need Some Advice?

If you are unsure what budget category you fall into, or would like to discuss options that I don't mention below, then please get in contact with me: bellmcp@gmail.com so we can find the right solution for you.

Please do bear in mind that I am very flexible, and open to negotiations for all projects, given how each project can be so unique and hard to provide a estimate without seeing a brief.
